4. WOOLLY MAMMOTH CHEESEBURGER

Jane's Saddlebag, Union

Jane's is off the beaten path a bit, but don't let that keep you from heading to Big Bone Lick to devour this dynamo.

3. MUSHROOM & SWISS BURGER

Hebron Grille, Hebron

The Grille managed to take a standard variation of the burger to a standout one. It's tasty and something different to for the true hamburger foodie.

2. BEEF HAMBURGER W/ CHEDDAR & PASTRAMI

Virgil's Café, Bellevue

The upscale member of the list, this meat monument is as close to burger perfection as you can get without making the top spot.

And speaking of...

1. BLACK 'N BLEU BACON & TOMATO BURGER

Barleycorn's, Florence

Quite simply one of the best burgers I've ever had the pleasure of scarfing. Fresh, seasoned beef, housemade bleu cheese dressing, and a variety of other toppings make this burger royalty.

HONORABLE MENTION: The Yard Bird *Wyatt's Bar and Grill, Burlington* • The Spicy Billie Billie's *Skyline Tavern, Highland Heights* • The Farmer Burger *Longneck's Sports Grill*

There you have it, folks. Northern Kentucky's dining scene is vastly underrated, but with the help of the culinary conquests above, here's hoping it won't stay that way for long. Happy eating! 🍔
